***Planning Commission:***

***We will be attending the Planning Commission Meeting on April 5, 2007 in the V.C. Highlands.***

***As residents of the River District Community we feel the residents would like the Planning Commission to hold a meeting in our area. Quite a few of our residents are Seniors who don't drive at night (if at all) and it is very difficult for them to get to the Highlands meeting. The Cordevista Project will have an impact on "all" of Storey County.***

***Thank you,
